LIFE THROUGH A ROYAL LENS

07 July to 30 September 2027

Life Through a Royal Lens will show over 100 of the most iconic royal photographs ever taken, alongside intimate images which share a glimpse of the Royal Family on duty.

As one of the most photographed families in the world, everything from state ceremonies and royal tours to deeply personal moments have been captured on camera from the reign of Queen Victoria right through to the present day.

The exhibition, which first launched at Kensington Palace, is embarking on a UK wide tour of venues, including Ely Cathedral.
